Report by Emil SZTWIERTNIA, Czech agent in Germany (West) to StB, intercepted by CIC, 8 Sep 1950. Date of Report: 25 July 1950  
In reply to an ERI on General PRCHALA's arrival in Germany, SZTWIERTNIA stated that PRCHALA will come to Stuttgart for a secret meeting with Vladimir PEKELSKY, KADERAVEK, #4 PITAS, and others. Only today I learned from your note that I have permission to get in touch with the General, and therefore I am immediately sending him a letter through PEKELSKY, of which I am enclosing you a copy. PEKELSKY arrived yesterday. He, the prostitute Maria BLASCHTOWITSCHKOVA, PITAS, Dr. STRASECKY (SPRINGER), Prof. HRADSKY, Eng. KADERAVEK, Dr. WINKER from Erlangen, and some others met PRCHALA at the Stuttgart RR station. After a two hour meeting in a restaurant, PRCHALA left with his suite: the prostitute BLASCHTOWITSCHKOVA, HORAK, PEKELSKY, and HRADSKY. They probably went to Munich.

"You may gather from the letter that I do not get along very well with either BLASCHTOWITSCHKOVA or PEKELSKY, and maybe it is because of my immaturity and unrest that I cannot digest all that they do here. It seems to me to be beyond measure what they are doing here in the name of the CNS. In case you give me an order to make friends with those creatures, in order to serve some interest, I will do so, but I will have to clench my teeth. Most gladly would I destroy them like rats."

The meeting of PRCHALA and about 30 persons in Stuttgart, his first public appearance, was organized by PEKELSKY and BLASCHTOWITSCHKOVA.

At Munich, PRCHALA had a meeting at the Starnbergersee. MALIS, PEKELSKY and BLASCHTOWITSCHKOVA were there. They transported him in a Mercedes car.

Further info: It is generally known that BLASCHTOWITSCHKOVA controls PRCHALA and that she is the mouthpiece of the Czechs and Sudeten Germans simultaneously. In Stuttgart, she was the most cunning person present. PRCHALA has no program, except that the Sudetenland will have to be returned to the Germans.

On 31 July 51 EDINGER of ZIPPER HQs CK staff complained to [ ] POB, that a week previously a CIC agent who gave his name as Mr. RADEK, Theresienstr. 4 Munich, had approached Vladimir PEKELSKY and urgently requested derog info on one firm GREZER (probably Dr. Jakob GREZER, born ca. 1918, suspected CIS and FIS agent). PEKELSKY tried to refuse, claiming he had no such info, but RADEK insisted and P. [ ] turned over the material to him. PEKELSKY does not want any further contact with CIC. EDINGER requested that CIC not approach P. again and that CIC not be informed that PEKELSKY is [ ] Z. 175 L. 75.

HOVA-9811      Austrian Police Report on PRCHALA and associates, dated 24 Aug 51.  
 25 Nov 51

Dr. Vladimir von PEKELSKY is neither a doctor, an aristocrat, or a Czech. His father, Prof. PEKELSKY from Brno, declared himself of German citizenship in 1940, which applied also to his minor son Vladimir. During the Hitler period Subject held a leading position in the Czech fascist youth organization "Kuratorium" and was a Gestapo informer. For this reason he was sought in 1945 by the Czech courts. He fled to Germany where he lived for a long time under a false name. His father was arrested in 1945 as a prominent Nazi and jailed. Since Subject maintained German citizenship until 1945 and has not reclaimed Czech citizenship since then, he should rightfully be considered a German. He was a medical student but did not finish his studies and has not right to the title 'Doctor'. With this presumptuous title he earned money for a long time writing prescriptions for anyone who wanted them.

It is proved that a direct link between Dachauerstr. 9, the headquarters of the AEN (Anti-Bolshevik Bloc of Nations), in which PEKELSKY ~~is~~ is the Czech representative, and the East. Letters which Czechs send via neutral consulates and the AEN to relatives in the West never arrive. It is known that these letters, which went by diplomatic pouch and therefore ~~should~~ normally not have fallen into the hands of Czech officials, suddenly turn up in StB headquarters.

German language memo dated 22 Apr 54. [ ]  
 According to confidential information the Czech emigrant leader PEKELSKY of Munich is active in intelligence work. He has connections with Jaroslav TABOREK, allegedly a former Czech Major, living at Bad Aussee. It would be of interest to know more about PEKELSKY, especially character references.

Reply to above memo: 29 April 54  
 Maria and Vladimir PEKELSKY, Czech emigre leaders in Munich, are reportedly running an intelligence mill, based chiefly on refugee interrogations, in order to finance their political activity. Nothing is known concerning their present customers. (based on EOLA-4744, 30 June 53, info summarized by POB. PEKELSKYs were ZIPPERITES until Aug 52, have also sold intel to OSI, who blacklisted them)

Ienna-CIA-Op- CIC Report L/28342, 14 Apr 53:  
 . 3000 Series. A letter intercept initiated on the PEKELSKYs in January 1953 turned up a older 199 letter written by fm WIEDEMAR to PEKELSKY containing a list of names and ocs 5,6,7 comments of alleged CIS agents currently operating in Vienna, Austria. On the envelope the sender was listed as M.A. KIRCHNER, 62 Leonhardtstr., Graz.

V-22302 (Georg Igor MORAVEC) UPSWING agent was sent a letter on 16 Aug from apparent from Vladimir PEKELSKY (the signature read either as M or W) from the publication "Bohemia". It answered the agent's letter which ostensibly had outlined his artist's ability in caricatures and drawings. PEKELSKY's letter indicated his interest and proposed that they get together possibly in November in Stuttgart. At least in this respect it would seem that the agent is closer than previously to one of the EBI's assigned by the StB, namely, the investigation of PEKELSKY.
